Dear Neighbor-

Thank you for your understanding and patience as we started our drilling operations this month. We are almost complete with the foundation drilling and will be completed next week.

Over the next month, the construction crew will begin constructing the bridge abutments.

Bridge Abutments are the seats upon which the bridge deck slab units will be placed.

We appreciate your patience and understanding while construction is being completed.

IMPACTS: Grant Ave Bridge will have one-way traffic control from May until November 2024. Pedestrian Access will be maintained.

* All estimated timelines are tentative and subject to change.
